

Receptive Language Lesson Plan

Age: No specific age group

Time: 30-45 minutes

Overview & Purpose: The Learnigo SLP: Understanding speech program is intended to be individualized and versatile. This lesson plan is one example of how Learnigo can be used with your students. The program can be used independently or as a supplement to other therapeutic and educational activities.

Goal: Students will demonstrate improved receptive language skills by identify common adjectives such as “big” “small” and “full”

Materials:

- 1) Free 30-day trial of the Learnigo SLP Understanding Speech program
- 2) A flashlight

Activity

Warm Up/Introduction: On the Learnigo SLP: Understanding Speech program, navigate to **activity 1/54** (“Understanding speech. Understanding notions-adjectives”). You can say: *Today we are going to talk about adjectives. Adjectives are words that tell you how something is or how it looks. For example, the table is big. Big is the adjective because it tells you how the table looks. Other fun adjectives are silly, slimy, blue, skinny, fun... the list goes on! Can you think of any adjectives?*

On an interactive white board, tablet, or a computer, complete the Learnigo SLP: Understanding speech program-understanding notions-adjectives (understanding adjectives describing an object) with the child(ren). Use as much or as little cuing as needed, fading cuing if necessary to promote independence with identifying and expressing target words.

Material needed: flashlight

Once the program is complete, the child(ren) will participate in a flashlight scavenger hunt. Select a few adjectives from the program just completed and write them on the board. The child(ren) will be given a flashlight and instructed to find something in the room that include the target adjective (e.g. find something “small”).

You can say: *now we’re going to get moving! You will each get a flashlight and we’re going to look for adjectives around the room. I will tell you what to look for. When you find it, shine your flashlight on it!*

Get a free 30-Day Trial to start using the Understanding Speech Program and our other interactive program today!
